Jln Sukarela VIII.2, Paninggilan, Ciledug, Kota Tangerang

High-achieving Informatics graduate at Pembangunan Jaya University with a GPA of 3.63/4.00 and strong expertise in Data Analysis, Statistics, and Data Visualization. Proficient in Python, SQL, Tableau, and Power BI. Proven track record of driving efficiency, including reducing data-entry errors by 30% at PT Pertamina Retail and shortening patient cycle time by 12% at Insan Permata Hospital. BNSP Certified Associate Data Analyst eager to leverage analytical skills to support strategic decision-making in a dynamic environment.

Work Experiences

PT Pertamina Retail - Central Jakarta Aug 2025 - Oct 2025

Data Analyst Intern - Procurement and Asset Management

- Cleaned, standardized, and unified multi-source procurement and asset datasets in Excel/Power BI/Tableau, reducing data-entry errors and duplicates by 30 % via validation rules and controlled dictionaries.
- Built and maintained quarterly Asset Management dashboards covering utilization, lifecycle status, and depreciation; achieved 40 % monthly active user adoption in the target audience within the first release cycle
- Authored BI documentation (data model, KPI definitions, refresh cadence, access) to align with ATS/HR expectations and ease audit and onboarding.

Insan Permata Hospital - South Tangerang Jul 2025

System Analyst Intern

- Conducted end to end analysis of the patient journey from registration to discharge, mapped bottlenecks, and documented requirements, enabling a 12% reduction in end to end patient cycle time after quick win changes
- Partnered with IT to design low fidelity prototypes and streamline intake screens; shortened upfront registration steps and reduced initial delays by approximately 20% while maintaining safety and compliance.
- Recommended process and system improvements (online preregistration, queue management, appointment slot staggering), driving a 17% decrease in mean wait time during the evaluation period

Universitas Pembangunan Jaya - South Tangerang May 2024 - Jan 2025

Social Media Specialist -Intern (TLC)

- Content Management : managing and updating existing content on the website, as well as writing, editing, and publishing new content such as articles, blog posts, and informational pages
- Image and Media Management : Uploading, managing, and optimizing images and other media for the website.
- Managed and updated website content using TLC platforms, which increased site traffic by 35% and improved user engagement through SEO best practices and regular performance analysis.

Education Level

Pembangunan Jaya University  - Indonesia Aug 2022 - Feb 2026

Bachelor of Informatics, 3.63/4.00
